**Costar Technologies, Inc. Companies To Exhibit At ASIS International Expo**

Coppell, Texas – September 25, 2014 – Costar Technologies, Inc. (OTC Markets Group: CSTI) companies, Costar Video Systems, CohuHD Costar and IVS Imaging, will be exhibiting at ASIS International Seminar & Exhibits in Atlanta, GA on Sept. 29 – Oct. 1 in booth 1050.

Costar Video Systems, a subsidiary of Costar Technologies, Inc., will be showcasing the latest product line of XDi Network Video Recorders and compatible DirectIP cameras. This new product line brings the simplicity of a self-configuring system to the network video world, providing installers the ease of “plug-and-play” by automatically assigning IP addresses. The XDi Series and DirectIP product line has the ability to grow from a basic to enterprise-level solution with up to 32,000 cameras. The XDi Network Video Recorders and DirectIP cameras will be on display and available for demonstrations with iRAS video management software.

IVS Imaging, a division of Costar Video Systems, will be showcasing the IV6500 HD cameras as part of the new iBLOCK line of integrated cameras and bundled solutions. The IV6500 HD camera features a 30x optical zoom and a 1/2.8” image sensor. This camera is available with HDMI, HD-SDI and IP outputs. The iBLOCK product line is ideal for mixing and matching camera housings, interface boards and camera modules to create a complete customizable camera solution.

CohuHD Costar, a subsidiary of Costar Technologies, Inc., will be showcasing the 8800HD Series positioner with a new 120x optical zoom, 2,000mm HD lens option. The 8800HD can detect up to 30 miles away with high-performance zoom magnification, system sensitivity, and narrow angular field of view. CohuHD Costar’s 8800HD Series camera can develop up to 6 times the resolution and detail of traditional standard-definition long-range cameras. The 8800HD will be on display and available for demonstrations.

## About Costar Video Systems

Costar Video Systems, designs, manufactures, and distributes a full range of security solutions for the video surveillance markets. Products include analog and IP cameras, monitors, lenses, digital and network video recorders, all marketed under the Costar brand name. Costar's products are utilized in many high profile, large scale installations by a diverse range of customers in the retail, financial, and commercial markets. A full range of video surveillance products are sold through dealers, distributors and system integrators across the nation.

## About IVS Imaging

Costar Video Systems also has an industrial vision division, IVS Imaging, that designs, manufactures, and distributes industrial vision products. IVS's products include machine vision cameras, lenses, cables, filters, and interface boards. The products are utilized in high-speed imaging, factory automation, robotics, mobile video, and custom OEM applications.

## About CohuHD Costar

CohuHD Costar is a leading manufacturer of video surveillance camera systems for use in mission-critical, sensitive environments. Integrating the latest video compression and high-definition IP technology into its innovative, rugged video camera systems, CohuHD Costar's line of high quality HD cameras, transmission equipment and management software can be found on the International Space Station and monitoring the busiest freeways and ports, military bases, U.S. Navy ships, oil refineries, nuclear reactors, mines, high value manufacturing sites, and many other critical installations around the globe.
